DISCLOSURE SUMMARY

SCAI Board of Trustees & Senior Staff As of June 17, 2014

It is the policy of the Society for Cardiovascular Angiography & Interventions (SCAI) to insure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating in any SCAI-sponsored programs are expected to disclose to the audience any real or apparent conflict(s) of interest that may have direct bearing on the subject matter being discussed.

The following Trustees and senior staff have reported, in accordance with the Accreditation Council for Continuing Medical Education standards and the policy of the SCAI, that they have an industry relationship (or no relationship) which, in the context of presentations at SCAI educational programs could be perceived by some people as a real or apparent conflict of interest, but do not consider that it will influence their presentations. The disclosure information and nature of the relationship(s) provided by each SCAI Trustee and senior staff is as follows.
